What is the provision in the budget for the year 1916-17. Have the new rates been adopted by the comptroller in calculating the grant. Ascertain.

Subd.

The provision in the budget is Rs 1430, the same as for the previous year. The G. O. revising the retail sale rates of sandalwood having been addressed only to the Conservator, who was requested to notify the rates in the Gazette, it is ascertained from the Comptroller's office that the revised rates have not been adopted in calculating the grant.

It is a point for consideration and orders whether it would not be better to issue a general order from Govt making the prevailing retail sale rates of sandalwood applicable for wood supplied to the Institutions always, instead of issuing a fresh order every five years.
